ATTEND THE PRE-CONFERENCE SPORTSMETRICS™ CERTIFICATION COURSE *May 21st and 22nd, 2026*

BECOME PART OF THE LARGEST EVIDENCE BASED ACL INJURY PREVENTION PROGRAM IN THE WORLD

SPORTSMETRICS™ USA

Serious knee injuries are sidelining female athletes at an alarming rate and although there is no absolute prevention from these types of injuries, there is finally something you can do to help reduce the risk of sustaining a serious knee injury. Cincinnati SportsMedicine Research and Education Foundation and the Noyes Knee Institute has led the way with the development of Sportsmetrics™, the first program scientifically proven to decrease knee injuries in female athletes. The specialized progression of jump/plyometric drills found in Sportsmetrics™ teaches athletes safe techniques for jumping and landing, in an effort to significantly reduce the risk of serious knee injury in female athletes and increase muscle strength, coordination and athletic performance.

- Save on travel and accommodations - attend two great educational meetings
- Be prepared to offer Sportsmetrics™ for your community
- SPORTSMETRICS™ can become your cornerstone for community outreach by focusing on injury prevention and athletic performance for healthy and recovering athletes!
